

MESSAGE FROM THE PREMIER OF ALBERTA

On behalf of the Government of Alberta, it is my pleasure to send greetings to everyone attending the virtual induction event for STEM Canada's Medical Science Institute (MSI).

Young people in Alberta and right across the country have the curiosity and creativity to build a bright future for themselves and their communities. Opportunities for children and youth to explore science, technology, engineering and mathematics studies open the door to a wide range of exciting possible future careers.

I appreciate STEM Canada's commitment to inclusive and engaging STEM learning experiences. I hope parents and students enjoy this chance to hear from educators and medical professionals, and to learn more about the MSI and what it can offer.

Best wishes,

A handwritten signature in black ink, reading "Danielle Smith".

Honourable Danielle Smith, Premier of Alberta
